Segun Akanbi

Executive Virtual Assistant
Administrative Support
Social Media Management

INTRODUCTION

Hi, I’m Segun, a reliable and detail-oriented Virtual Assistant who helps businesses and busy professionals stay organized, productive, and focused on what matters most.

I’m comfortable learning new tools and adapting to different workflows, systems, and client needs. I take pride in being organized, communicating clearly, paying attention to detail, and completing tasks on time.

I can assist with a range of tasks, including administrative support, data entry, email management, internet research, scheduling and appointment management, customer support, and social media management.
